Tuition /Fee Reduction Program

Our School has an extensive tuition/fee reduction program. The tuition/fee reduction program is made possible through its annual auction fundraiser. The current fees: annual tuition, administrative and building fee do not cover the costs of children attending Our School Preschool. The annual fundraiser revenue is distributed therefore among all the Our School families equitably and in accordance with the session in which the child is enrolled by supplementing members' annual fees with the annual fundraiser revenue.

The total distribution of monies in the tuition/fee reduction program is approved by the Board of Directors upon recommendation from the Treasurer. A current fee schedule is available.

The current costs of operating Our School Preschool are the attempts by Our School Preschool to offer quality preschool education within the confines of historical and current attitudes towards: education, children, families and

preschool education. These historical and current attitudes clearly impact the economic commitment of individuals and institutions towards quality preschool education. The annual fundraiser revenue permits all families to benefit from the purposes of Our School Preschool as set forth in Article II of the Our School By-Laws.
